■ States with non-federal fire locations summarized to county		

** Other types of fires include: Arson, Smoking, Recreational, Children, Debris Burning, Equipment Use, Railroad, and Miscellaneous.

Number of years missing from non-federal data for eleven year time period, 1986 – 1996.

National Fire Occurrence data were compiled for 1986 – 1996. Federal data includes data from the following federal agencies: USDA Forest Service, USDI Bureau of Land Management, USDI Bureau of Indian Affairs, USDI Fish and Wildlife Service, and USDI National Park Service. Non-federal data were provided by State Forestry Divisions for all conterminous states but Nevada.

This product was developed by the Fire Modeling Institute as the Fire Sciences Laboratory, Missoula, Montana through funding from:
USDA FS/USDI Joint Fire Sciences Program

In collaboration with
USDA Forest Service, Fire and Aviation Management
